Quality

Venn Life Sciences is an Integrated Drug Development Partner offering a unique combination of drug development expertise and clinical trial design and management. This enables us to create, plan and execute drug and medical device development programs effectively and seamlessly for our clients. We have dedicated operations in Ireland, France, Germany, the Netherlands, the UK, the US, and European-wide representation.

OUR EXPERIENCE IN RARE DISEASES

No. of Studies	61
Total Patients	7212
Total Sites	1032
Total Countries	16

Sites in: Switzerland, France, Belgium, Austria, Germany, Sweden, UK, Bulgaria, Poland, Slovakia, USA, Italy, Spain, Israel, Slovakia, Canada

Trial Phases I, II, III, IV, Observational, PASS, Registry.

Indications

- Acromegaly
- Amyotrophic Lateral Sclerosis
- Behçet Disease
- Chikungunya
- Chronic Inflammatory Demyelinating Polyradiculoneuropathy
- Dermatomyositis
- Cutaneous Mastocytosis
- Duchenne Muscular Dystrophy
- Friedreich's Ataxia
- Gaucher Disease & Niemann Pick Disease
- Hereditary Angiodema
- Huntington's Disease
- Idiopathic Pulmonary Fibrosis
- Idiopathic Thrombocytopenic Purpura
- Leber's Hereditary Optic Neuropathy
- Multiple Sclerosis
- Multiple Sclerosis - Skin Reactions
- Muscular Dystrophy Type 2
- Myelofibrosis
- Niemaan - Pick Disease Type C
- Phenylketonuria - Paediatric
- Polymyositis / Dermatomyositis Disease
- Progressive Supranuclear Palsy
- Sanfilippo A Disease
- Sanfilippo B Disease
- Systemic Lupus Erythematosus
- Thrombocytopenia
- Wiskott - Aldrich Syndrome

Testimonial

“We have been delighted to work with Venn Life Sciences on this complex clinical trial. Their commitment to quality coupled with an in-depth knowledge of running studies has facilitated the effective and efficient management of the various activities and requirements associated with the study.”

Professor Keith G. Oldroyd

Director of Research & Development

West of Scotland Regional Heart & Lung Centre, Golden Jubilee National Hospital
